

Experienced Management

As a national not-for-profit leader in the senior living industry, Pacific Retirement Services is at the forefront of the retirement revolution, transcending age to provide an actively involved lifestyle for the seniors of today and tomorrow. Serving, in total, more than 5,500 residents every day, PRS develops, operates, and manages more than 50 organizations, including affiliated Life Plan Communities, affordable senior housing centers, and charitable foundations serving older adults.

The Mirabella Advantage

The Mirabella family of communities represents PRS's new thinking in senior-living design—larger residences, better community spaces, amenities on par with those in the finest homes. Part of what makes Mirabella Portland and Mirabella Seattle so appealing is their prime locations in walkable urban areas that put residents in the middle of bustling neighborhoods. In the case of Mirabella ASU, residents live directly on the campus of Arizona State University with access to lifelong learning and intergenerational connections. By choosing to live in a Mirabella, you are benefiting from years of hard work at honing the retirement experience to pure excellence.
